* LESS ABSENCES EVAPORATION FROM SCHOOLS

Truant Officer's Report Shows Government Expert Making That He Hustled to Some Purpose.

BETTER CONDITIONS NOW SEEKS A SMALL FORMULA

A marked decrease in the number of working instead of attending their classes and a corresponding decrease in the num-

boys and girls who have been taken from work, where this was not absolutely necessary for the support of the parent,

Many boys and girls not caring to at-tend school either left school without an and were allowed to go. But during the last year investigations have uncovered the facts in each case, and where it was believed more would be gained by school attendance this has been insisted upon by Mr. Clayton. It is believed—though It cannot be exactly shown—that 50 boys and girls of school age were taken from work and sent back to their classes.

Girls Are Little Trouble.

Girls are not much bother to the truant officer, but the boys are a thorn in his side During the year only five girls were reported as truants from the schools, while 139 boys were taken back, erected a series of towers, each fifty (Seal) reports being made from other sources. The report of Truant Officer Clayton is
